## Directions from Ljubljana airport

Travelling by car takes about 25 minutes (with no traffic) to Bled. Turn left out of the airport onto the main road signposted Kranj. After a minute or so take the first left signposted Jesenice and Ljubljana. Stay in the right hand lane signposted Jesenice and join the motorway - A2 E6.

Stay on this motorway following the signs for Jesenice (don't take the exit for Klagenfurt) until the signs for Bled appear. The first one says Bled 16km. Follow the signs for Bled into the town centre.

As you come into the town stay in the right hand lane and turn right at the traffic lights beside the Gostalina Union. The Hotel Krim will be in front of you just before you turn right. (if you carry straight on at this point instead of turning you will find the lake at the bottom of the hill).

Take the right and follow the road round and up the hill. You will pass the Merkator on your right (this is your nearest supermarket to the house), go round the corner and take the first right signposted Podham.

Go over the small bridge and take the first right Partizanska Cesta. We are number 38 - it is the house in front of you in the V in the road.

Both the house and the apartment can be entered through the door at the side of the house. It is only a 10 - 15 minute walk back into the centre of Bled.

## Directions from Klagenfurt airport, Austria

Travelling by car takes about 50 minutes (with no traffic) to Bled. Turn right out of the carpark at the airport. At the junction follow the signs for the E66 motorway towards Villach.

Take the motorway and prior to reaching Villach take the E61 motorway towards Jesenice and Slovenia. Please note you'll go through a toll (€6 in 2008).

Take the A2 towards Ljubljana and come off at Bled. Continue to follow the signs for Bled into the town centre.

As you come into the town stay in the right hand lane and turn right at the traffic lights beside the Gostalina Union. The Hotel Krim will be in front of you just before you turn right. (if you carry straight on at this point instead of turning you will find the lake at the bottom of the hill).
